

Dear ESEH's Regional Representatives

As you probably have noticed, the online form for submitting session/paper/poster-proposals is now available on the conference's website. See at: <http://eseh2011.utu.fi/cfp/>

Before filling in the online form, you have to register to the system and give your password.

Please, distribute information on this online submission form. It provides versatile session formats and new ways to participate in an environmental history conference. We hope that every one finds from these options some interesting way to contribute the 6<sup>th</sup> ESEH conference.

On behalf of the LOC

Timo Myllyntaus
